PRESS RELEASE

Kadant Reports First Quarter 2021 Results and Record Bookings

WESTFORD, Mass., May 4, 2021 - Kadant Inc. (NYSE: KAI) reported its financial results for the first quarter ended April 3, 2021.

First Quarter Financial Highlights

- Bookings increased 16% to a record \$204 million.
- Operating cash flow increased 209% to \$19 million.
- Free cash flow increased 383% to \$17 million
- · Revenue increased 8% to \$172 million.
- GAAP diluted EPS and adjusted diluted EPS both increased 31% to \$1.43.
- Net income increased 32% to \$17 million.
- Adjusted EBITDA increased 14% to \$31 million and represented 18.0% of revenue.
- · Backlog was a record \$223 million.

Note: Percent changes above are based on comparison to the prior year period. Free cash flow, adjusted diluted EPS, adjusted EBITDA, adjusted EBITDA margin, and changes in organic revenue are non-GAAP financial measures that exclude certain items as detailed later in this press release under the heading "Use of Non-GAAP Financial Measures."

Management Commentary

"Our global workforce continued its focus on safely meeting our customers' needs despite challenging circumstances in many areas of the world," said Jeffrey L. Powell, president and chief executive officer. "New order activity continued the momentum from the second half of 2020 leading to record bookings and backlog in the first quarter of 2021. Strong demand for parts and consumables as well as a high level of capital project activity in our Industrial Processing and Flow Control segments led to our record-setting performance.

"Solid execution across all our operating segments generated strong cash flows and further improved our liquidity position. As market conditions continue to show signs of improvement, we are optimistic for the remainder of the year, particularly as COVID-19 vaccines become more available."

First Quarter 2021 compared to 2020

Revenue increased eight percent to \$172.5 million compared to \$159.1 million in 2020. Organic revenue increased four percent, which excludes an acquisition and a four percent increase from the favorable effect of foreign currency translation. Gross margin was 43.9 percent compared to 42.9 percent in 2020.

Both GAAP diluted earnings per share (EPS) and adjusted diluted EPS were \$1.43 compared to \$1.09 in 2020. Net income was \$16.6 million compared to \$12.5 million in 2020 and adjusted EBITDA was \$31.1 million compared to \$27.3 million in the prior year quarter. Cash flow from operations increased to \$19.1 million compared to \$6.2 million in 2020.

Bookings increased 16 percent to a record \$204.5 million compared to \$175.6 million in 2020. Organic bookings increased 12 percent, which excludes an acquisition and a four percent increase from the favorable effect of foreign currency translation.

Kadant Reports 2021 First Quarter Results May 4, 2021 Page 2

Summary and Outlook

"We are encouraged by the improving market conditions and demand, and our strong start to the year," Mr. Powell continued. "However, variability around vaccine availability and infection rates create uncertainty on the global economic front, and the limited ability to engage with our customers also affects our ability to forecast the timing of orders. Despite the challenges, our record backlog at the end of the first quarter positions us well to generate strong financial results for the year. Accordingly, we are increasing our revenue expectation to \$710 to \$730 million for 2021."

Conference Call

Kadant will hold a webcast with a slide presentation for investors on Wednesday, May 5, 2021, at 11:00 a.m. eastern time to discuss its first quarter performance, as well as future expectations. To access the webcast, including the slideshow and accompanying audio, go to www.kadant.com and click on "Investors." To listen to the webcast via teleconference, call 888-326-8410 within the U.S., or +1-704-385-4884 outside the U.S. and reference participant passcode 4189188. Prior to the call, our earnings release and the slides used in the webcast presentation will be filed with the Securities and Exchange Commission and will be available at www.sec.gov. An archive of the webcast presentation will be available on our website until June 4, 2021.

Shortly after the webcast, Kadant will post its updated general investor presentation incorporating the first quarter results on its website at www.kadant.com under the "Investors" section.

Use of Non-GAAP Financial Measures

In addition to the financial measures prepared in accordance with generally accepted accounting principles (GAAP), we use certain non-GAAP financial measures, including increases or decreases in revenue excluding the effect of acquisitions and foreign currency translation (organic revenue), adjusted operating income, adjusted net income, adjusted diluted EPS, earnings before interest, taxes, depreciation, and amortization (EBITDA), adjusted EBITDA, adjusted EBITDA margin, and free cash flow.

We believe these non-GAAP financial measures, when taken together with the corresponding GAAP financial measures, provide meaningful supplemental information regarding our performance by excluding certain items that may not be indicative of our core business, operating results, or future outlook. We believe that the inclusion of such measures helps investors gain an understanding of our underlying operating performance and future prospects, consistent with how management measures and forecasts our performance, especially when comparing such results to previous periods or forecasts and to the performance of our competitors. Such measures are also used by us in our financial and operating decision-making and for compensation purposes. We also believe this information is responsive to investors' requests and gives them an additional measure of our performance.

The non-GAAP financial measures included in this press release are not meant to be considered superior to or a substitute for the results of operations prepared in accordance with GAAP. In addition, the non-GAAP financial measures included in this press release have limitations associated with their use as compared to the most directly comparable GAAP measures, in that they may be different from, and therefore not comparable to, similar measures used by other companies.

Revenue in the first quarter of 2021 included a \$6.0 million favorable foreign currency translation effect and \$0.5 million from an acquisition. We present increases or decreases in organic revenue, which excludes the effect of acquisitions and foreign currency translation, to provide investors insight into underlying revenue trends.

Our non-GAAP financial measures exclude acquired backlog amortization. Free cash flow is operating cash flow less capital expenditures of \$2.3 million in the first quarter of 2021 and \$2.7 million in the first quarter of 2020. These items are excluded as they are not indicative of our core operating results and are not comparable to other periods, which may have differing levels of incremental costs or expenditures, or none at all.

Reconciliations of the non-GAAP financial measures to the most directly comparable GAAP financial measures are set forth in this press release.

About Kadant

Kadant Inc. is a global supplier of high-value, critical components and engineered systems used in process industries worldwide. The Company's products, technologies, and services play an integral role in enhancing process efficiency, optimizing energy utilization, and maximizing productivity in resource-intensive industries. Kadant is based in Westford, Massachusetts, with approximately 2,600 employees in 20 countries worldwide. For more information, visit www.kadant.com.

Safe Harbor Statement

The following constitutes a "Safe Harbor" statement under the Private Securities Litigation Reform Act of 1995: This press release contains forward-looking statements that involve a number of risks and uncertainties, including forward-looking statements about our future financial and operating performance, demand for our products, and economic and industry outlook. These forward-looking statements are subject to known and unknown risks and uncertainties that may cause our actual results to differ materially from these forward-looking statements as a result of various important factors, including those set forth under the heading "Risk Factors" in Kadant's annual report on Form 10-K for the fiscal year ended January 2, 2021 and subsequent filings with the Securities and Exchange Commission. These include risks and uncertainties relating to the impact of the COVID-19 pandemic on our operating and financial results; adverse changes in global and local economic conditions; the variability and difficulty in accurately predicting revenues from large capital equipment and systems projects; health epidemics; our acquisition strategy; levels of residential construction activity; reductions by our wood processing customers of their capital spending or production of oriented strand board; changes to the global timber supply; development and use of digital media; cyclical economic conditions affecting the global mining industry; demand for coal, including economic and environmental risks associated with coal; failure of our information systems or breaches of data security and cybertheft; implementation of our internal growth strategy; price increases or shortages of raw materials; competition;

Kadant Reports 2021 First Quarter Results May 4, 2021 Page 7

changes in our tax provision or exposure to additional tax liabilities; our ability to successfully manage our manufacturing operations; disruption in production; future restructurings; loss of key personnel and effective succession planning; protection of intellectual property; climate change; adequacy of our insurance coverage; global operations; policies of the Chinese government; the variability and uncertainties in sales of capital equipment in China; currency fluctuations; economic conditions and regulatory changes caused by the United Kingdom's exit from the European Union; changes to government regulations and policies around the world; compliance with government regulations and policies and compliance with laws; environmental laws and regulations; environmental, health and safety laws and regulations impacting the mining industry; our debt obligations; restrictions in our credit agreement and note purchase agreement; substitution of an alternative index for LIBOR; soundness of financial institutions; fluctuations in our share price; and anti-takeover provisions.

First Quarter 2021 Business Review

May 5, 2021

Forward-Looking Statements

The following constitutes a "Safe Harbor" statement under the Private Securities Litigation Reform Act of 1995. This presentation contains forward-looking statements that involve a number of risks and uncertainties, including forward-looking statements about our future financial and operating performance, demand for our products, and economic and industry outlook. These forward-looking statements represent Kadant's expectations as of May 4, 2021. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise. These forward-looking statements are subject to known and unknown risks and uncertainties that may cause our actual report on Form 10-K for the fiscal year ended January 2, 2021 and subsequent filings with the Securities and Exchange Commission. These include risks and uncertainties relating to the impact of the COVID-19 pandemic on our operating and financial results; adverse changes in global and local economic conditions; the variability and difficulty in accurately predicting revenues from large capital equipment and systems projects; health epidemics; our acquisition strategy; levels of residential construction activity; reductions by our wood processing customers of their capital spending or production of oriented strand board; changes to the global timber supply; development and use of digital media; cyclical economic conditions affecting the global mining industry; demand for coal, including economic and environmental risks associated with coal; failure of our information systems or breaches of data security and cybertheft; implementation of our internal growth strategy; price increases or shortages of raw materials; competition; changes in our tax provision or exposure to additional tax liabilities; our ability to successfully manage our manufacturing operations; disruption in production; future restructurings; loss of key personnel and effective succession planning; protection of intellectual property; climate change

NAMES OF THE PROPERTY AND ADDRESS OF THE PROPERTY OF THE PROPE

Use of Non-GAAP Financial Measures

In addition to the financial measures prepared in accordance with U.S. generally accepted accounting principles (GAAP), we use certain non-GAAP financial measures, including increases or decreases in revenue excluding the effect of acquisitions and foreign currency translation (organic revenue), adjusted diluted EPS (earnings per share), adjusted earnings before interest, taxes, depreciation, and amortization (adjusted EBITDA), adjusted EBITDA margin, adjusted operating income, and free cash flow.

Specific non-GAAP financial measures have been marked with an * (asterisk) within this presentation. A reconciliation of those numbers to the most directly comparable GAAP financial measures is shown in the Appendix and in our first quarter earnings press release issued May 4, 2021, which is available in the Investors section of our website at investor.kadant.com under the heading News Releases.

We believe these non-GAAP financial measures, when taken together with the corresponding GAAP financial measures, provide meaningful supplemental information regarding our performance by excluding certain items that may not be indicative of our core business, operating results, or future outlook. We believe the inclusion of such measures helps investors gain an understanding of our underlying operating performance and future prospects, consistent with how management measures and forecasts our performance, especially when comparing such results to previous periods or forecasts and to the performance of our competitors. Such measures are also used by us in our financial and operating decision-making and for compensation purposes. We also believe this information is responsive to investors' requests and gives them an additional measure of our performance.

The non-GAAP financial measures included in this presentation are not meant to be considered superior to or a substitute for the results of operations prepared in accordance with GAAP. In addition, the non-GAAP financial measures included in this presentation have limitations associated with their use as compared to the most directly comparable GAAP measures, in that they may be different from, and therefore not comparable to, similar measures used by other companies.

ALTO STRUCTURE DESIGNATION AND SOCIAL DESIGNATIONS AND DISCUSS DESIGNATIONS.

BUSINESS REVIEW

APPENDIX

First Quarter 2021 Business Review

Adjusted Diluted EPS Reconciliation

Adjusted diluted EPS (earnings per share) is a non-GAAP financial measure.

	Q1 21	Q1 20
Diluted EPS, as reported	\$1.43	\$1.09
Amortization of Acquired Backlog, Net of Tax	140	-
Adjusted Diluted EPS	\$1.43	\$1.09

Free Cash Flow Reconciliation

Free cash flow is a non-GAAP financial measure.

\$ in thousands	Q1 21	Q1 20	
Operating Cash Flow	\$19,092	\$6,169	
Less Capital Expenditures	(2,259)	(2,686)	
Free Cash Flow	\$16,833	\$3,483	

Adjusted EBITDA Reconciliation

Adjusted EBITDA and adjusted EBITDA margin are non-GAAP financial measures. Adjusted EBITDA margin is calculated by dividing adjusted EBITDA in a given period by revenue in the same period.

\$ in thousands	Q1 21	Q1 20
Net Income Attributable to Kadant	\$16,561	\$12,531
Net Income Attributable to Noncontrolling Interest	235	125
Provision for Income Taxes	5,561	4,559
Interest Expense, Net	1,046	2,408
Other Expense, Net	24	32
Acquired Backlog Amortization	60	8
Depreciation and Amortization	7,626	7,590
Adjusted EBITDA	\$31,113	\$27,253
Adjusted EBITDA Margin	18.0%	17.1%

Revenue by Customer Location

	Q1 21	Q1 20	Change	Change Excl. Acquisition and FX
North America	\$95,092	\$93,823	\$1,269	\$12
Europe	44,641	36,014	8,627	4,719
Asia	21,813	15,908	5,905	4,347
Rest of World	10,917	13,382	(2,465)	(2,263)
TOTAL	\$172,463	\$159,127	\$13,336	\$6,815

Notes

PRESENTATION NOTES

- All references to EPS (earnings per share) are to our EPS as calculated on a diluted basis.
 Percent change in slides 6-9 is calculated using actual numbers reported in our press release dated May 4, 2021.

FOOTNOTES

- Leverage ratio is calculated by dividing total debt by EBITDA. For purposes of this calculation, EBITDA is calculated by adding or subtracting certain items from Adjusted EBITDA, as required by our amended and restated credit facility ("Credit Facility"). Our Credit Facility defines total debt as debt less worldwide cash of up to \$30 million.
 Working capital is defined as current assets less current liabilities, excluding cash and debt. LTM is defined as last 12 months.
 Cash conversion days is based on days in receivables plus days in inventory less days in accounts payable.
